MAD DOG CAUSES PANIC.

Deputy Sheriff at Metropolis, Ill.,

Saves a Crowd of Children.

Metropolis, Ill., Nov. 26.-Deputy Sheriff

Ed Smith had a battle with a mad dog

here to-day. The animal ran into a crowd

of school children, snapping right and left.

Their screams attracted Smith and he ran

to their rescue. He fired one shot at the cog, which turned upon him, knocked him down and jumped at the prostrate man's threat. Kleking the dog back, Smith fired again, this time killing the animal.

One little girl was blitten before Smith could reach the children.

LEAP FROM BUGGY COST HIM HIS LIFE.

Robert J. Ziegler, Frightened by a Frisky Horse, Jumped and Fatally Hurt Himself.

Robert J. Ziegler of No. 1726 South Broadvay died at his home early yesterday morning from injuries received in a runaway Sunday evening. Deputy Coroner Drechsler held an inquest yesterday afternoon, returning a verdict of death due to accident.

Ziegler and Benjamin Kaufman of No. 1514 South Broadway, a friend, started out in a buggy Sunday evening. They drove over to East St. Louis, Ill., where they had supper, and then drove back. Later in the evening they attended a dance at the South St. Louis Turner Hall, at Tenth and Carroll streets, where they took several drinks. While they were in the hall they left the horse tled outside and the animal became quite frisky. When they started away from the hall, about midnight, the horse wanted to go as fast as it could run. Kaufman tried to control the animal, but only succeeded in spurring it on. Ziegler became alarmed, and, thinking the horse was running away, leaped from the buggy at Thirteenth street and Latayette avenue

Kaufman managed to stop the horse a few blocks further on, and returned to find that his friend had been seriously injured. Zieg-ler went to his home and retired. A doctor who was called in found that Ziegler was suffering from concussion of the brain. A few hours later he relapsed into uncon sciousness. He died at 4 o'clock yesterday Ziegler was a eigarmaker. He was 25

MASTER BUILDERS' OFFICERS.

Nominations Made for Election to Be Held December 17.

Members of the Master Builders' Association at a meeting held last night made the following nominations for officers and trustees for the coming year: President, trustees for the coming year: President, Moritz Eyssell, A. W. Black; first vice president, Ed A. Steininger, R. Shinnick, A. E. Cook and George Ratermann; second vice president, Edward Ward, Jake Shassire and R. A. Lewis; secretary, C. D. Morley; treasurer, L. H. Grone and George Ratermann. Trustees-P. J. Moyuihan, C. Stafford, H. R. Becker, J. F. Baerveldt, Daniel Evans, N. Pellegrew and Jacob Schenck.

The election will be held Monday, December 17, from 16 a. m. to 2 p. m.

Keep the liver and kidneys in order. Hood's Sarsanarilla is the remedy to regulate them.

MENACE TO HEALTH AND TO PROPERTY

Young Bane was not able to give a very accurate description of the woman who left the busket, but he thinks he would know her if he should see her.

Shortly after 2 o'clock vesterday afternoon, while Frank Williams of No. 1707. North Broadway and Philip Evans of No. 1605 North Second street were pleking up coal in the railroad yards at the foot of Mound street they saw the body of a white male infant floating down the river. They fished it out, and notified the police, who had it conveyed to the morgue. It is the body of a babe about two days old. Ancient Wyoming Street Sewer Utterly Inadequate to Drain the District in Which It Is Located-New Relief Sewer the Solution Proposed by Commissioner Hermann.

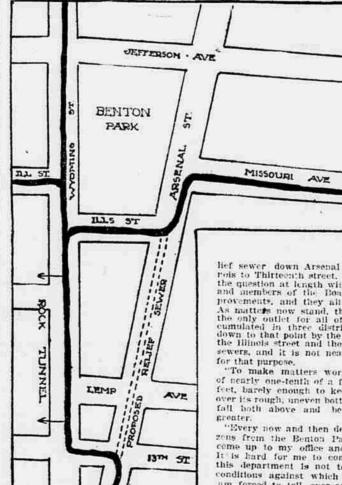

Diagram showing proposed relief sewer under Arsenal street, designed to prevent the flooding of Benton Park District,

One of the most serious problems cennected with the sanitation of St. Louis is that part of Wyoming street sewer between Illinois and Thirteenth streets, which in its present condition is a constant menace to health and property in the Benton Park district. It has already been the cause of numerous and expensive lawsuits against the city, not to mention illness and discomfort to citizens.

sawer demands the immediate consideration of the city fathers; and advises the building of a relief sewer as the only prac-tical way out of the difficulty. The Wyoming street sewer was dug more than thirty years ago, when sanitary con-ditions were not studied carefully. It is In reality not a sewer, in the present sense of the word, but an elongated cesspool blasted through solid rock and filled with crevices and pools that defeat the purpose for which it was intended-viz. the carrying off of foul water and organic matter. Instead it serves to catch and hold filth, and has been for years the most prolific

breeding ground of disease germs and nox-

Sewer Commissioner Hermann suys this

fous gases in all underground St. Louis. In some places it is so nearly level that water hardly flows through; in others it has great caverns along its sides in which the sewnge Whenever there is an unusually heavy rainfall it fills up and overflows through air rents and manholes, inundating cellars, flooding streets, destroying private property, filling the whole contiguous section of the filling the whole contiguous section of the city with odors indescribably bad, and set-ting at liberty myriads of microbes bred in its dark recesses.

Imagine an elongated cavern eight feet

high and six feet wide on an average, with jagged bottom and sides, with here and here a boulder acting as a dam, with pools of black ooze under foot, and stalactites of partially decomposed rubbish banging from every jugged point along its sides and you will have a faint idea of what the Wyo ming street sewer really is. The only way to gain a proper conception of its horrors

lief sewer down Arsenal street from IIII. rois to Thirteenth street. I have discussed the question at length with other engineers and members of the Board of Public Im-provements, and they all agree with me. As matters now stand, this rock tunnel is the only outlet for all of the sewage ac-cumulated in three districts and brought down to that point by the Missouri avenue, the Himols street and the Wyoming street sewers, and it is not nearly large enough for that warrees. "To make matters worse it has a fall

"Every now and then delegations of citi-

know, perhaps better than any one else, how had it is; and have repeatedly urzed an appropriation, with the view of bettering the conditions.

ing the conditions.
"In building the proposed relief sewer down Arsenal street. I should expect to encounter the same ledge of stone, and would have to tunnel it; but the work would be differently dene. With modern machinery and modern methods it would be a comparatively easy matter to bore a smooth hole from one end to the other law in the charter law. from one end to the other, leaving no rough edges and no pools to act as traps for filth.

The new tunnel would have more fail, 160, and would keep itself clean and in re-

"The proposed relief sewer can be built for \$40,000, which does not seem a large sum, in view of the end to be attained. It would relieve the old tunnel of all of the discharge of the Missouri street sewer, and

tunnel should be lined in places with brick and have its bottom smoothed. Then it would do good service for many years to "From Thirteenth street to the river there is no trouble, the sewer being large and in good repair, and having sunicient fail to dispose of vast quantities of water."

Treasury Department Reverses Immigration Official's Ruling. Washington, Nov. 26 .- The Treasury Department to-day decided to admit the lace workers and their families, who were brought to this country by Doctor J. A. Dowie, the "Divine healer" and the founder of Zion City, Ill., to teach others the art of lacemaking.

This is a reversal of the actions of the Philipdelphia immigration officials, who had decided that the lacemakers should not be admitted to this country.

Would You Make a Safe Investment? The Great MAJESTIC

COMBINATION COAL AND GAS

Is in a class by itself. It has no equal for Usefulness, Strength, Durability, and, last but not least, Fuel Saving. Its construction is mechanically and scientifically perfect. Why Not make a profitable investment by getting a flajestic Combination Range now, thus solving the range problem for both winter and summer? You can operate the Coal Range in winter, the Gas Range in summer, or, if desired, both at the same time.

FIRE IN EITHER RANCE CIVES AN ABUNDANCE OF HOT WATER.

With a Great Majestic Combination Range you can either prepare a meal for thirty persons or for one. You can bake, roast, boil or fry, and heat water, all at the same time without any inconvenience. It is made entirely of Malleable Iron and Open Hearth Steel, except the fire-box lining, and can be used with hard coal, soft coal, gas or wood. Its burners are specially constructed to economize in fuel. Connections and valves are so made as to preclude the possibility of escaping gas.

There being so many grades of ranges on the market to-day buyers must not allow themselves to be deceived with the "just as good" ranges. The great Majestic Ranges are not overloaded with nickel-plated trimmings, which both catch the eye and hide poor work. If you will do yourself and family justice, you will fully investigate the Great Majestic Combination Range before purchasing any other. Made only by the

ZIMMERMANN TO PAY MANCHESTER'S DEBTS

Bankrupt Duke, His Father-in-Law Declares, Is Going Into British Politics.

man, whose daughter was married to the

Duke of Manchester a week or so ago, in England, was interviewed here to-day. He said to a reporter: "I have come here to meet my daugh

ter and her husband. After they have rested here a few days we will go to Cinclimati and a reception will be given at my home. The Duke is a bright chap. He's a fine, manly fellow. I like a man who went to work as he did as a newspaper man when he was here. Some of his articles were first rate, too. At no time was I opposed to his marriage to my daughter Those stories are all moonshine."

"Is it true that the Duke is in a bad way financially?" asked the reporter. "I guess there won't be any difficulty about his debts. Not at all. That does not make any difference. I don't care to speak about the marriage portion. That is a pri-vate matter. But there won't be any trouble about debts. They will be-weil, that's all right; all right."
"Is it likely that the Duke may settle

down in America and enter the railroad business' "No, no; the Duke is going into British politics. He is entitled to a seat in the House of Lords and he is going to turn his attention to politics."

SAYS SILVER IS A LIVE ISSUE.

Senator Teller Thinks It Will Re main So for Many Years.

Denver, Colo., Nov. 26 .- Senator Henry M. Teller of Colorade, who leaves for Washing-

Teller of Colorado, who leaves for Wushington to-night, speaking of the effect upon the
silver question the defeat of Bryan will
have, said that he did not intend to abandon
the silver question because of the result of
the recent election.

"The silver question is not dead," he continued, "and will be a live question in American politics for years to come; and I am
firmly of the opinion that we will ultimately
return to the bimetallic system, in my judgment the only system that can secure stability of prices and equity between the creditor
and debtor."

Speaking of important legislation to be en-

and debtor."
Speaking of important legislation to be enacted by Congress during the coming seasion, he said:
"I anticipate that there will be an attempt made to increase the regular army, independent of any force that may be necessary for the Philippine Islands, to the extent of

We are the largest makers and retallers of men's \$3.50 shoes in the world. We make and sell more \$3.50 shoes than any other two manufacturers in the U.S. The reason more W. L. Douglas \$3.50 shoes are sold than any other make is because they are the best that can be made. They fit like custom made shoes. The style is the best and always up to date. BEST

We sell direct from factory to wearer through our fi stores in the large cities. The extra middleman's profits that others have to charge we add to the quality, and give to the wearers of W. L. Douglas \$3.50 shoes.
